Evaporator

Specification

Model		Ecooler2600
Cooling Capacity		2600W/8870BTU/2300Kcal/h
Voltage		12V/24V
Rated Current		50A/38A
Power		600W - 860W
Compressor	Model	Electric scroll compressor
	Displacement	18cc/r
	Rotate Speed	1500 - 4500rpm
Evaporator blower air vol.		550m3/h
Condenser fan air vol.		1200m3/h
Refrigerant		R134a
Refrigerant charging weight		610g
Interior unit Dimensions		540*362*165mm
Exterior unit Dimensions		682*465*192mm
Interior unit weight		6kg
Exterior unit weight		24kg
Vehicle Applications		All trucks, construction machinery , tractor etc.
