3,DESCRIPTION

Guchen Thermo TR-200 is a new high capacity direct drive refrigeration unit specifically designed for the transportation of fresh or frozen goods in small-sized delivery vehicles with box volumes up to 15m³ (fresh). Super cooling capacity promise the safety of the transporting cargo.

4,STANDARD CONFIGURATION

- ✓ Front Mounted unit and slim evaporator design
- ✓ Compact structure, small size, light weight and fuel savings
- ✓ R-404A Eco-friendly refrigerant
- ✓ In-cab remote display and control
- ✓ Multiple safety protection devices
- ✓ Automatic and manual defrost system

5,SAFETY PROTECT SYSTEM

- ✓ Emergency switch protection
- ✓ Thermal protection guard
- ✓ System high pressure protection
- ✓ System low pressure protection
